Re: Ex Parte Presentation in IB Docket No. 06-123 and WT Docket No. 06-150

Pursuant to Section 1.1206 of the Commission's rules, 47 C.F.R. § 1.1206, EchoStar Satellite L.L.C. hereby submits this letter summarizing ex parte presentations in the above-referenced dockets.

Yesterday, Charlie Ergen of EchoStar had separate telephone conversations with Chairman Kevin Martin and Commissioner Michael Copps with respect to the recently issued Reverse Band Order. Mr. Ergen and Linda Kinney today had a telephone conversation on the same topic with Commissioner Robert McDowell and his advisor Angela Giancarlo. The discussion was consistent with EchoStar's filings in the above-referenced proceeding. Mr. Ergen highlighted EchoStar's concern that the orbital spacing plan adopted by the Commission imposes unnecessary burdens on consumers and reduces the likelihood that consumers will be able to reap the benefit of new services. Mr. Ergen also discussed issues relating to the upcoming 700 MHz auction, consistent with EchoStar's filings in that proceeding.

Respectfully submitted,

/s/ Bradley K Gillen
